Next.js v14 (Q2)

Assignment no 2:

- This week assignment details: (**19 Nov,2023**)

    Complete the assignment.
    Convert all the pages to next.js

- Copy the img folder from the zip file and paste in your next js public folder. and in style.css change the
    from:
- background-image: url(img/imageName.png)
    to:

    background-image:url('../public/img/imageName.png')

    and link the style.css file in the same as we did in the class.
